

Please Join Us!

Please join us to review a draft plan and provide input on a list of potential projects to improve:

- walkability
- connectivity
- water quality in our local streams

Your input will help guide a project built on public property.

Light refreshments and youth activities will be provided.

Sign up for a **FREE RAIN BARREL!**

Limited number available and we will install them for you!

COMMUNITY INPUT SESSION

Monday from 6-8pm

Portico Church at Ix

981 2nd St SE, Charlottesville, VA

The City of Charlottesville and community partners have received a grant to identify projects that can improve walkability and water quality in the lower Pollocks Branch Watershed (blue area on map). This effort will build on previous planning efforts and will result in a project built on public property.

Pollocks Branch
Walkable Watershed
 healthy waters : healthy communities
