

Coyote Creek Walkable Watershed: Community Input Meeting

You care about the health, safety and quality of life for your community. But how can you make a direct impact?

The Coyote Creek Walkable Watershed team is creating a coalition to:

- Direct funding to address real, community-defined issues.
- Develop ideas to make your neighborhood a safe, accessible and healthy place to live, work and play!
- Participate in training to learn how to collect input from your community.

Join us at an upcoming meeting to share your thoughts, concerns and ideas!

At the meeting, we will discuss:

- What the project is and how you can get involved.
- Your needs, concerns and ideas related to neighborhood flooding, safety, park access, water quality and bicycle and pedestrian access.
- Why we are forming a coalition composed of Kelley Park area leaders.
- How to become a coalition member.
